\$0.00 special interest money, see followthemoney.org

Currently, NM law doesn't allow you to protect yourself, family or property from criminals until they gain entry into your home and they can sue you if injured. That's wrong, I am supporting the "Home as Castle" doctrine.

There is much more we need to do and can do to protect ourselves and restore our lost liberties but I need your help. Let me be your voice. Let me be your advocate in govt.
