

Although, I am a family man with traditional values, I stand for issues that affect us everyday in our wallets & pocketbooks. I want to be your advocate in government.

WHY DO WE NEED MORE LAWS?

Much of **my** proposed legislation has no cost to you, the taxpayer. It is designed to protect you & your family.

1. There are bad laws: Laws that erode our rights & liberties need to be repealed. Laws that are impotent need amending.

2. We need good laws: Because unscrupulous persons or businesses are always finding new ways to rip off and gouge consumers. We need protection.

3. We need a strong caring advocate in government. Government agencies or companies can be dispassionate or abusive, the red tape and bureaucracy can be overwhelming. We all need help in those times.

GOING DOOR TO DOOR!

I am going to registered voters houses to meet as many future constituents as possible. See www.staterep.info you can download brochures and voter guides for your church, organization or business.

HOWARD DELACRUZ- BANCROFT

**CONSUMER PROTECTION
ADVOCATE**

* Strengthen 2nd Amendment:: Support “Home as Castle” doctrine. The right of persons to defend their family & property from criminals.

* Energy Reform: Create long term tax credits & incentives for alternative energy research & development, manufacturing, installation, maintenance & repair in New Mexico.

* Health Care Reform: Wait times at Emergency/Urgent Care past 1 hour is unreasonable. Introduce (PIP) Pharmacy Intervention Protocol type programs to reduce cost and increase accessibility.

* Financial Reform: Cap all bank, credit card fees for overdraft, NSF and other services fees & at points near prime. Stop 30 day advance billing.

* Judicial Reform: Establish right to jury trial in all contested custody cases. Judges must recuse themselves after ruling contempt against any party in a cause.

* Internet Reform: Make spammers, malware & phishers financially responsible for their actions.

OTHER LAWS THAT NEED TO BE CHANGED

Criminals should not have the right to sue you if they are injured while trespassing or committing a crime on your property.

“NO MORE EXCUSES”

”Time is against us. We have to do this (renewable energy) and we have to do it now.”

Howard DeLaCruz-Bancroft

ONE METHOD TO REDUCE DEPENDANCY ON FOREIGN OIL SOURCES

We can require a yearly increasing percentage of state, county, city vehicles to be Zero Emission capable. This will create a market for plug-in hybrid technology which is not currently being offered to consumers. Many vehicles that drive less than 100 miles daily can operate without using any gasoline.

WE CAN CREATE JOBS HERE AND SAVE FUEL

Create More Tax Credits and Incentives for Alternative Energy businesses located ONLY in New Mexico : Research & design, manufacturing, installation, repair & maintenance for: solar panels, wind, water , motion generators, natural gas & air technologies brought to NM **only** markets will create “cottage industries” & real jobs.

*“**Football** is just like life. You learn to get along with others to win. You learn to accept authority. You learn to channel your energy and frustration into a constructive cause.”*

Howard DeLaCruz-Bancroft

WHY FOOTBALL ?

Teamwork, Challenge, Competition, Reward for discipline. Let's keep extracurricular activities in school.

4 . The global financial crisis will affect football and other school activities: As a Varsity Football player and Coach, I value opportunities for our community to be together in the spirit of competition and fair play and I will support our teams.

5 . I played in the band while on the football team: I remember changing for the band as a JV player, then back to the football uniform then changing back in time for the band during Varsity games. I believe hard work is the key.

6 . We need a strong caring advocate in education. Child Left Behind goals are not always viable & state benchmarks need to be reasonable for parents who spend too much homework time in a pressured counter productive environment. Pay EA's (Educational Assistants) equitable wages.

* Paid/Printed by “Defense of People” campaign.
